

DOM task

1. Change the background color of a `<div>` to "lightblue".
2. Set the text color of all `<p>` elements to "green".
3. Make a heading (`<h1>`) centered using `style.textAlign`.
4. Increase the font size of an element with class "title" to "30px".
5. Set an image's `src` attribute to a new URL and update its alt text.
6. Add a title attribute to a `<div>` with the text "Hover tooltip".
7. Replace the inner HTML of a `<section>` with a new heading and paragraph.
8. Wrap an existing `<p>` element's content in a `<strong>` tag using `innerHTML`.
9. Change the background color and border of all elements with class "card".
10. Add a link inside a `<footer>` by setting its `innerHTML` to `<a href='https://example.com'>Visit Example</a>`.
